

## **MagnaPrint® Retardent 9214**

### **Additive to prevent screen blocking / choking**

MagnaPrint Retardent\_9214 is a printing auxiliary designed to stop print pastes drying in the screen, it also helps to keep screens clean from pigment staining.

### **Application**

MagnaPrint Retardent\_9214 can be added to print pastes up to 3%, however it is recommended that fastness is checked before production, the addition of high levels of MagnaPrint Retardent 9214 may reduce the wet fastness of the subsequent print.

Please Note: Increase curing / flash time may be required if using more than 2% MagnaPrint Retardent 9214.

### **SPECIFICATION**

#### **STORAGE**

In cool place properly closed:  
>5°C (40°F) <25°C (77°F)

#### **HEALTH & SAFETY**
