

MagnaPrint® Pallet Adhesive

MagnaPrint® Pallet Adhesive is a safer, cleaner and more environmentally friendly water-based alternative to conventional spray adhesives used to stick garment down during production.

Features:

- Fast drying
- Super economical
- Heat stable
- No VOC
- 65% solids

Application

Apply MagnaPrint® Pallet Adhesive directly to the pallet in a sweeping motion, for best results use a small squeegee to spread a thin and even layer of glue across the pallet.

Once applied allow the layer of MagnaPrint® Pallet Adhesive to dry fully. This can be left to air dry or flash cured to speed up the drying process. To reactivate MagnaPrint® Pallet Adhesive simply spray the pallet with a light mist of water and use a sponge to wipe the lint from the wet surface, allow to dry.

For spray gun application we recommend MagnaPrint® Pallet is diluted with 10 - 20% water to reduce tack.

SPECIFICATION

STORAGE

In cool place properly closed:
>5°C (40F) <25°C (77F)

HEALTH & SAFETY

MSDS available upon request

CLEAN UP

Wash off screen using water and mild detergent

All information is given in good faith but without warranty. They do not release you from testing our products as to their suitability for the intended processes and uses.
